# 2007 UEHLING LECTURES

Dr. David T. Uehling was born and raised outside Chicago, and completed his urology training at Northwestern. Following a successful stint as a fellow at Chicago Children's Memorial Hospital, he joined the staff at the University of Wisconsin in 1965. Clinically, Dr. Uehling developed a statewide practice in pediatric urology, and has served the children of Wisconsin admirably for 40 years.

Throughout his career, Dr. Uehling distinguished himself in research, with continuous NIH funding in the treatment of urinary tract infections. In 1983, Dr. Uehling assumed the chair of the division at UW, and has grown the division into one of national standing. Upon stepping down as chairman in 2001, Dr. Uehling continues to serve the division as an Emeritus Professor. Dr. Uehling has impacted the lives of many patients, urologists and scientists throughout the world. This meeting in his honor is a small way to emphasize all of his accomplishments.

# Concepts and Controversies in the Management of Urologic Cancer

## INTENDED AUDIENCE

This conference is intended for urologists and other interested health care professionals.

## OBJECTIVES

At the conclusion of this activity, participants will:

- Learn about minimally invasive techniques in the management of testis cancer.
- Understand current management strategies in the treatment of low volume and advanced renal cancer.
- Discuss treatment options for patients with high-risk prostate cancer.
- Develop a better understanding of the evolution of robotics in the treatment of prostate cancer and its future applications.

## STATEMENT OF NEED

There exists a deficit of exposure to and understanding of many current trends in minimally invasive approaches to urologic cancer management as well as controversial issues in the treatment of renal and prostate cancer. Our lecture series will help to clarify these issues focusing on outcomes data and multidisciplinary discussions which will better enable attendees to manage their own patients.

## THE 2007 UEHLING LECTURER

LOUIS R. KAVOUSSI, MD  
Professor and Chairman  
The Arthur Smith Institute for Urology  
North Shore-LIJ Health System  
New Hyde Park, New York

## UNIVERSITY OF WISCONSIN SCHOOL OF MEDICINE AND PUBLIC HEALTH FACULTY

JASON GEE, MD  
Assistant Professor of Surgery, Division of Urology

SEAN P. HEDICAN, MD  
Associate Professor of Surgery, Division of Urology

WEI HUANG, MD  
Assistant Professor of Pathology

DAVID F. JARRARD, MD  
Associate Professor of Surgery, Division of Urology,  
The John P. Livesey Chair in Urologic Oncology

GLENN LIU, MD  
Assistant Professor of Medicine, Section of Hematology and Oncology

TIMOTHY MOON, MD  
Professor of Surgery, Division of Urology

STEPHEN Y. NAKADA, MD  
Professor and Chairman of Urology,  
The David Theodore Uehling Professor of Urology

DAVID PAOLONE, MD  
Assistant Clinical Professor of Surgery, Division of Urology

RAKESH R. PATEL, MD  
Assistant Professor of Human Oncology

KRISTINA L. PENNISTON, PHD, RD  
Assistant Scientist, Division of Urology

DAVID T. UEHLING, MD  
Emeritus Professor of Surgery, Division of Urology,  
and Past Chairman of Urology

GEORGE T. WILDING, MD  
Donald and Marilyn Anderson Professor of Medicine and Head,  
Medical Oncology Section  
Director, University of Wisconsin Paul P. Carbone  
Comprehensive Cancer Center

## SCHEDULE OF EVENTS

Friday, October 12, 2007

### AM

8:30 Registration/Continental Breakfast

### Session 1. Current Trends in the Management of Urologic Malignancies

9:10 Introduction  
*Stephen Nakada, MD*

9:15 Laparoscopic retroperitoneal lymph node dissection in the management of testis cancer  
*Louis Kavoussi, MD*

10:15 Break

10:30 Case Presentations

11:30 Lunch

### PM

### Session 2. Concepts and Controversies in the Management of Renal Cancer

12:30 Laparoscopic partial nephrectomy—where are we now?  
*Louis Kavoussi, MD*

1:00 Update on ablation technologies for the treatment of renal cancer  
*Stephen Nakada, MD*

1:20 Targeted molecular therapies for the treatment of metastatic renal cancer  
*Glenn Liu, MD*

1:40 Surgery in the management of loco-regionally advanced and metastatic renal cancer  
*Jason Gee, MD*

2:00 Panel discussion  
Moderator: *Stephen Nakada, MD*  
Panel: *Jason Gee, MD; Wei Huang, MD; Louis Kavoussi, MD; Glenn Liu, MD; David Paolone, MD*

2:45 Refreshment Break

### Session 3. Prostate Cancer Treatment Interfaces

3:10 Evolution of the laparoscopic prostatectomy from initial case to DaVinci  
*Louis Kavoussi, MD*

3:40 Prostate brachytherapy—where have we been and where are we going?  
*Rakesh Patel, MD*

4:00 Multimodal treatment of the high-risk prostate cancer patient  
*David Jarrard, MD*

4:20 Nutritional therapies for patients diagnosed with prostate cancer  
*Kristina Penniston, PhD, RD*

4:40 Panel Discussion  
Moderator: *Sean Hedican, MD*  
Panel: *David Jarrard, MD; Louis Kavoussi, MD; Timothy Moon, MD; Rakesh Patel, MD*

5:25 Adjourn

6:00 Cocktail Reception

### Session 4. Dinner Program

7:00 Dinner

7:15 The future of surgery - interfacing human and machine  
*Louis Kavoussi, MD*

8:30 Adjourn

# GENERAL INFORMATION

**Date:** October 12, 2007

**Place:** The Fluno Center  
601 University Avenue  
Madison, WI 53715  
Telephone: 608-441-7117  
FAX: 608-441-7133
