

2010 Uehling Lectures

Hot Topics in Benign Urologic Diseases: Benign Prostatic Hyperplasia, Overactive Bladder and Men's Health Issues

Dr. David T. Uehling was born and raised outside Chicago, and completed his urology training at Northwestern. Following a successful stint as a fellow at Chicago Children's Memorial Hospital, he joined the staff at the University of Wisconsin in 1965. Clinically, Dr. Uehling developed a statewide practice in pediatric urology, and served the children of Wisconsin admirably for 40 years.

Throughout his career, Dr. Uehling distinguished himself in research, with continuous NIH funding in the treatment of urinary tract infections. In 1983, Dr. Uehling assumed the chair of the division at UW, and has grown the program into one of national standing. Since stepping down as chairman in 2001, Dr. Uehling continues to serve the Department of Urology as an Emeritus Professor. Dr. Uehling has impacted the lives of many patients, urologists and scientists throughout the world. This meeting in his honor is a small way to emphasize all of his accomplishments.

Lectures 10

Hot Topics in Benign Urologic Diseases

Benign Prostatic Hyperplasia, Overactive Bladder and Men's Health Issues

2010 Uehling Lecturer

William D. Steers, MD
Hovey Dabney Professor of Urology
Chair, Department of Urology
University of Virginia School of Medicine
Charlottesville, Virginia

October 29, 2010

The Fluno Center
Madison, Wisconsin

Course Director:
Wade Bushman, MD, PhD

Topics include:

Benign Prostatic Hyperplasia
Overactive Bladder
Stress Incontinence
Erectile Dysfunction/Priapism
Men's Health Issues

Sponsored by:

University of Wisconsin School of Medicine and Public Health

Department of Urology

Office of Continuing Professional Development in Medicine and Public Health

Hot Topics in Benign Urologic Diseases: Benign Prostatic Hyperplasia, Overactive Bladder and Men's Health Issues

INTENDED AUDIENCE

This educational activity is intended for urologists and other interested health care professionals.

OBJECTIVES

At the conclusion of this activity, participants will be able to:

- Identify the latest trends in research of benign urologic diseases
- Have an updated understanding of overactive bladder
- Discuss the latest developments in benign prostatic hyperplasia (BPH)
- Describe the latest trends in men's health issues

PRACTICE GAPS AND ASSESSMENT OF NEED

The content of this educational activity was selected to match identified gaps between current practices and best practices. The overall objective of this activity is to discuss these practice gaps and provide participants with the knowledge, skills, tools, and resources needed to change their professional practice and improve the care of their patients.

ELEMENTS OF COMPETENCE

This CME activity has been designed to change learner competency and focuses on the American Board of Medical Specialties areas of patient care and medical knowledge.

THE 2010 UEHLING LECTURER

WILLIAM D. STEERS, MD
Hovey Dabney Professor of Urology
Chair, Department of Urology
University of Virginia School of Medicine
Charlottesville, Virginia

UNIVERSITY OF WISCONSIN SCHOOL OF MEDICINE AND PUBLIC HEALTH FACULTY

DALE E. BJORLING, DVM
Professor, Department of Urology
Chair, Surgical Sciences Department,
School of Veterinary Medicine

REGINALD C. BRUSKEWITZ, MD
Professor Emeritus, Department of Urology

WADE BUSHMAN, MD, PhD
Professor, Department of Urology
Robert and Dolores Schnoes Professor of Urology

DAVID F. JARRARD, MD
Professor, Department of Urology
John P. Livesey Chair in Urologic Oncology

SARAH E. McACHRAN
Assistant Professor, Department of Urology

STEPHEN Y. NAKADA, MD
Professor and Chairman, Department of Urology
The David Theodore Uehling Professor of Urology

DAVID R. PAOLONE, MD
Assistant Professor, Department of Urology

WILLIAM A. RICKE, PHD
Assistant Professor, Department of Urology

DAVID T. UEHLING, MD
Professor Emertius and Past Chairman of Urology

SCHEDULE OF EVENTS

Friday, October 29, 2010

AM

8:45 Registration

9:10 Introduction
Stephen Y. Nakada, MD

Basic Research in Benign Urologic Diseases

9:15 Benign Prostatic Hyperplasia (BPH)
William A. Ricke, PhD

9:25 Stem Cells
Wade Bushman, MD, PhD

9:35 Interstitial Cystitis (IC)
Dale E. Bjorling, DVM

9:45 Resident Presentations

9:55 eNOS
William D. Steers, MD

10:10 Roundtable: Scholarship and Research in
Residency Training
Drs. Steers, Nakada and Jarrard

10:30 Refreshment Break & View Exhibits

Overactive Bladder & Benign Prostatic Hyperplasia

10:50 An Overview of Pelvic Floor Dysfunction
and Overactive Bladder (OAB)
Sarah E. McAchrn, MD

11:10 Commentary on the Future of Overactive Bladder
Research and Treatment
William D. Steers, MD

11:20 Pathophysiology and Natural History of Benign
Prostatic Hyperplasia (BPH)/Lower Urinary Tract
Symptoms (LUTS)
Wade Bushman, MD, PhD

11:35 Neural Mechanisms and Detrusor Overactivity in
Benign Prostatic Hyperplasia (BPH)/Lower Urinary
Tract Symptoms (LUTS)
William D. Steers, MD

11:50 Medical Treatment of Benign Prostatic Hyperplasia
Reginald C. Bruskewitz, MD

PM

12:05 BPH Studies and Practice: Are We Operating Too Little/
Too Late?
Wade Bushman, MD, PhD

12:20 Point/Counterpoint: Green Light Laser vs. TURP
Daniel H. Williams IV, MD & Reginal Bruskewitz, MD

12:30 Lunch & View Exhibits

Stress Incontinence

1:45 Stress Urinary Incontinence Treatment: Role of Pre-op
Urodynamics Study, Patient-Centered Treatment,
Outcomes, and Effect on Sexual Function
William D. Steers, MD

2:15 Role of the Urologist in Prolapse Repair
Sarah E. McAchrn, MD

2:30 Point/Counterpoint: Slings - Oh! What a Mesh!
Wade Bushman, MD, PhD & Sarah E. McAchrn, MD

2:45 Refreshment Break & View Exhibits

Erectile Dysfunction/Priapism/Male Health

3:15 What's New in the Treatment of Priapism?
William D. Steers, MD

3:30 Erectile Dysfunction: How to Manage the Patient Who
Fails PD5 Inhibitors
David R. Paolone, MD
