

UROLOGY CLERKSHIP LOGS

We ask that you use urology clerkship logs to document the educational experiences you have while on your urology rotation. You will find enclosed with your handbook a small urology clerkship log card. Please carry it with you during the rotation and enter the appropriate information. If you do an activity more than once, *enter each time you do it*. You will be required to turn these in on the last day of your rotation.

Urology Log

Student Name: _____

M3 M4 Dates of Rotation: _____

A faculty or NP/PA observed me performing:	Instructor name(s)/date(s)
