

WISCONSIN UROLOGY

Innovative Research, Outstanding Care

THE ONLINE NEWS SOURCE FOR ALUMNI AND FRIENDS OF THE UW UROLOGY PROGRAM

August 2021 | Volume 17, Issue 8

Notable and Newsworthy

Dr. E. Jason Abel will assume the role of Urologic Oncology Section Head effective September 1, 2021. He is succeeding Dr. David Jarrard, the inaugural Section Head, who remains in his role as the Department Vice Chair.

Since joining our Department in 2010, Dr. Abel has built an outstanding renal cancer program and currently leads our Urologic Oncology fellowship. During this timeframe he was recipient of the prestigious Gold Cystoscope from the AUA (2018), and he has been recognized nationally as a leader in the Society of Academic Urologists (SAU) and the

Society of Urologic Oncology (SUO).

Dr. Matthew Grimes has received a 2-year Loan Repayment Award (LRP) through the National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK) for his clinical research.

Our Urologic Oncology Fellow, Dr. Ashanda Esdaille, has received a two-year Bristol Myers Squibb Foundation Diversity in Clinical Trials grant in recognition of her outstanding professional achievements and promise as a community-oriented clinical researcher.

Farewell Barb Lewis!

Barb Lewis, RN, MS has had a longstanding career of 23 years with the School of Medicine and Public Health. She started her career with SMPH in February 1998 in the Department of Surgery as a Nurse Educator for their Medical Education program. In May 2011, Barb accepted a position in the Department of Urology as our GME Program Coordinator responsible for managing the administrative operations of our Residency Training Program. Barb held this position until February 2017 when she took the position of Urology Simulation Educational Program Manager. This was a new position created in the Department for simulation education for our residents and

medical students. Barb was integral in creating simulation bootcamps, surgical skills labs, simulated patient scenarios, computer-based training, and high fidelity models as part of the new Urology Simulation Education Program curriculum.

In 2020, Barb received the 2020 Chancellor's Hilldale Award for Excellence in Teaching. We appreciate all of her hard work and dedication to our Simulation Education Program and the Department as a whole! The Department values Barb's many years of service to the education of our residents and medical students and we wish her only the best in her future endeavors and much relaxation in her retirement.

2021 Department of Urology AUA Abstracts

The Department of Urology has 25 accepted abstracts for this year's American Urological Association (AUA) annual meeting.

Loss of Osteopontin Leads to the Resolution of E.coli-induced Prostatic Inflammation and Fibrosis
